Dear Sir/ Madam,

I am opposed to the Duke Power transmission Plan.

Our home site lies very close to one of the proposed tower plan routes.

- Negative impact on property values
- Pesticide use runoff along the tower line route
- Negative impact on Equestrian recreation

Please use existing power line corridors along I-26 and Hwy 9.

- Increase incentives for the use of Renewable Energy sources on all residential and Commercial buildings.

Respectfully,  
Dan Moranz
